

The first all-in-one floorcare machine for concrete and stone surfaces.

FEATURES

- Available in 30" model
- 17 hp/585 cc OHV V-VALVE Kawasaki engine
- TiltBak™ deck for easy disc installation
- Counter-rotating drives
- Compatible for wet or dry grinding
- Infinitely adjustable non-marking, foam-filled wheels for safe, smooth operation
- Safe-Fill™ cylinder prevents over filling. Quick release strap makes cylinder removal and installation a snap
- Catalytic front mount muffler minimizes harmful emissions
- CGA listed, CARB/EPA certified, CE approved
- 135 lbs. (61.2 kg) of removable weights
- 9 gal. on board water supply
- For optimal performance, use PowerStar diamonds.

SPECIFICATIONS

Performance:
4,000-5,000 ft²/hr (± 370-465 m²/hr) grinding with PowerStar diamonds

Engine:
17 hp Kawasaki (585 cc) OHV v-valve air-cooled

Engine speed:
1500-3600 rpm

Head width:
30" (76,2 cm)

Driver size:
2 x 16" (40,6 cm)

Maximum driver speed:
225-450 rpm

Start:
12V Battery

Sound level:
89 dB(A)

Vibration:
Less than 2.5 m/s²

Length x width x height:
49 in x 34 in x 48 in
(124,5 cm x 86,4 cm x 122 cm)

All-In-One
Grinder / Polisher / Scraper
Deep Scrubber / Stripping Machine

Weight:
755 lbs (343 kg) including water, full tank of propane and complete stack of weights

Chassis:
7 gauge sheet metal construction with hammertone powder coat finish

Splash control skirt:
Yes

Machine warranty:
Three months (optional one year extended)

Engine warranty:
Two years
